KIA / HYUNDAI ESL

S.O.S Car Simulator instruction manual

ESL/ELV REPLACEMENT PROGRAM

● Program introduction

🚗 Example cars

| ESL	ESL	ESL	ESL
I30	Sportage	Cerato	Optima
IX35	Picanto	Elentra	Optima
Kona	Tucson	I10	Cadenza
Rio	Xceed	I20	
Sorento	Ceed	Forte	

● KIA / HYUNDAI Old Type

⬤⬤⬤ Jumpers to solder

Choose the S.O.S program by soldering the following jumpers depending on your car brand:

ESL

7 6 5 **4** **3** 2 1

4 + 3

To select the program you need to solder the jumpers on the front of the Emulator:

Attention!
Always pul the Emuluator back into the plastic cover before attaching it to the ECU board.
Attaching the Emulator to the ECU board without the plastic cover may resul! in damaging the ECU or the Emulator!
